THE WEST GATE, WINCHESTER. The old Gate at the top of High Street is a good specimen of the military architecture of the 13th century. Winchester, one of the great historical cities of England, can look back over more than a thousand years. Egbert was crowned as the first King of all England, 827, and Winchester was for some centuries the capital. In commerce it was the rival of London, and William the Conqueror was crowned in both cities.
